STARTED BY **Dashpreet Kaur**

Call started @11am but logged in earlier on as system wouldn't let me login in later on,Keysafe entry,Vida fine,she already had breakfast,made her a cuppa,medication and fortisip administered,washed loads of dishes,wiped kitchen tops and her bedside table,kitchen bin emptied,put new bin liner in,she does her personal care herself she said ,chatted,nothing else required she said,call ended @11.25 am but as system wouldn't let me end the call so documenting it here.

AM: Personal Care

Introduction

I was born and raised in Newcastle and have always lived in the Heaton area. I had a happy and fulfilling childhood growing up and attended the local school until I left when I was 16, upon leaving school I then went on to work in Taylor's shop, I worked until I met and married my husband in the summer of 1971. Once married we started our family very quickly, we had two children together and I became a stay at home parent while my husband went out to work. I adored my two children Julie and Carol, unfortunately Carol passed away when she was 2 and a half years old due to a heart defect, this upsets me still. My husband owned Multipool betting shops and we spent many happy years together until we had a relationship breakdown after my daughter Carol Passed away and we then got divorced. I have one grandchild and one great grandchild, I enjoy having my family around and spending time with them.Before my hospital admission I enjoyed going for short walks however since coming out of hospital I have not been able to do this as much. I am a very social lady and like to have conversations with whoever comes to visit me, I have a good family network around me and enjoy spending time with my family. I enjoy watching the television particularly the soaps where my favourite is Eastenders and I also enjoy reading magazines where my favourite is Take A Break. My daughter takes me out some days of each week, we like to go to the local cafe's and also local garden centres for coffee and scones.

Personal Care

Self

I will require care staff to assist me with all aspects of my personal care needs. I will require care staff to prompt me to wash where I am able to do so myself and assist me to wash where I am unable to do so independently. I would like care staff to monitor my skin integrity and ensure any breaks or sores are reported to the office for this to be reported to the district nursing team. I would like care staff to assist me to dress into clean and weather appropriate clothing each day of my own choosing, if I am not going out I will prefer to stay in loungewear or my pyjamas. I would like care staff to assist me to change my incontinence wear at each visit and give me verbal prompting to do this also when they are not here I like to put my incontinence pad onto my underwear myself. I would like care staff to ensure my oral hygiene is maintained and provide me with verbal prompting to do this myself. I would like care staff to assist me into my nightwear each evening and ensure this is fitting to the climate also.

Meal Preparation

Already eaten

I like to have traditional english dishes such as mince and dumplings and shepherds pie I do not like curry at all and will not have food like this within my home. I like to have snacks throughout the day and sandwiches and a steamed pudding at lunch time. I like to have 2 weetabix each morning with a little warmed milk.I prefer to have small

portions as bigger portions put me off eating.I prefer to have my main meal at tea time around 4pm

Fluids	Hot Drink H	I like to have a cup of tea with milk and no sugar at each care visit. I would like care staff to also ensure I have water and juice for in between my visits, I do not like to have a drink for through the night.
Fortisip	Administered PRN	I would like care staff to ensure I have two fortisips per day please document when I have had these.
Administer Medication		I would like care staff to administer all of my prescribed medication and ensure this is documented when done I will also require care staff to send over a list of all my medication.
Levothyroxine Sodium	Administered (Level 3) AD	Take ONE 100mcg tablet in the MORNING
Sertraline	Administered (Level 3) AD	Take ONE 100mg tablet in the MORNING
Key Safe		I would like care staff to enter my property using the key safe and ensure that upon leaving that my property is secured and it is returned back to the key safe.
